

Ahrens Group Pty Ltd (Ahrens) is a vertically integrated diversified business - operating within the design, fabrication, construction, project management, erection and installation of commercial and industrial structures. As well as building refurbishments, process plants, material handling & storage, ATM installation, agricultural grain storage & handling, rural buildings, water storage, plant and building maintenance.

We work with a broad range of customers covering banks, property developers, manufacturers, transport/logistic operators, a myriad of owner/occupiers, builders, mining contractors, grain co-operatives, farmers and government departments. The nature of the company's activities requires a high degree of technical expertise, experience and reliability.

The prime objective of Ahrens is to consistently provide services which meet the requirements of our customers in terms of on-time delivery, process & service quality expectations. This incorporates promoting the objective of continuous improvement in all related activities and a commitment to comply with the requirements in order to continually improve the effectiveness of the Integrated Management System (IMS).

Ahrens is committed to comply with all applicable legislation, regulation, standards, state statutory requirements as well as codes of practice through the identification and evaluation of risks that may affect the end product or service. Ahrens has therefore developed an Integrated Management System as a vehicle to ensure that customer and Company needs, objectives and expectations, including fitness for use, consistency and dependability are achieved.

The Integrated Management System is based on the necessary requirements to maintain and meet the quality aspects of AS/NZS ISO 9001:2015 *Quality Management Systems*. Ahrens ensures the necessary resources to achieve this are available and that the responsibilities and authorities are determined and communicated throughout the business groups.

It is the responsibility of all employees of Ahrens to ensure that the Quality System Policies, Procedures, Work Instructions and practices are understood, implemented and maintained as they apply in the performance of their individual functional duties. Ahrens will ensure continual improvement of the IMS by ensuring risk and opportunities that can affect the conformity of products and services are addressed to meet or exceed customer expectations.

A copy of this Quality Policy shall be displayed and it is the responsibility of management and supervisory staff to ensure that it is understood, implemented and maintained at all levels in the Company.
